Statement of Reasons

The Mayor's Vision for Cycling included an initiative to provide 'mini-Hollands' in the suburbs. Enfield was one of three outer London boroughs awarded mini-Holland funding by the Mayor to deliver a programme of measures (known as Cycle Enfield) to transform cycling facilities in the borough.

As part of this programme the council is proposing to implement segregated cycle facilities along the length of the A105, from Enfield Town to the junction with Palmerston Crescent, to improve safety for cyclists. Changes are also proposed at the junctions of the A105 with Alderman's Hill, N13 (The Triangle) and with Compton Road, N21 to improve the public realm.

The traffic management orders listed above are necessary to implement the segregated cycle lanes and associated changes to the road layout.
